Date: November 10, 2014

Our Ref. 523

To Whom It May Concern:

This is to certify that **Mr. Alok Bikram Adhikari** has completed Bachelor in Electronics & Communication Engineering from this college in 2014 AD. I have found him diligent, sincere and self-motivated to learning. He shows his keen interest in learning new things to acquire the in-depth knowledge in that subject matter.

I am impressed by his diligence and acute sense of perception. In addition to doing the assigned experiments in lab to my expectations he seems to be willing and ready to help his friends whenever the need be.

Mr. Adhikari is capable of working in a team under any situations. I am sure that he will be able to successfully complete his studies in the university like yours.

I wish him all success in life.

Sarad Poudel

Our Ref. 522

To Whom It May Concern:

This is to certify that **Mr. Alok Bikram Adhikari** has completed Bachelor in Electronics & Communication Engineering from this college in 2014 AD. He is a very practical student and is always keen to take the initiative in whatever task assigned to him. I have always appreciated his ability to understand and synthesize subject matters. It has given him very good openings to understanding of the contents in his studies.

He possesses leadership qualities that enables him to take initiatives and consequently enables him to work with the fellows with great interest and dedication. I have always known him to be a diligent, promising, hardworking and trustworthy person. I am very sure that he is capable of pursuing his higher studies at any foreign institutions abroad. He bears a strong potential capacity for scholarly activities and bears a good moral character.

His skill in the concerned subject is truly commendable. Given the opportunity to undertake any discourse, he can compete successfully. I am very pleased to recommend him and wish him all success in his future undertaking. I am always ready to answer any queries regarding Mr. Adhikari.
